LES ARCS WORK IN PROGRESS – Call for projects in post-production

Les Arcs Industry Village is Les Arcs Film Festival's professional event dedicated to the independent European film industry. It aims to increase the exposure of promising projects from all over Europe, to create a place for networking and support new partnerships. Each year, **550 professionals** (producers, sales agents, distributors, funds representatives etc) are attending the festival.

Among the industry sections, **Les Arcs Work in Progress** gathers a selection of projects in **post-production** seeking for sales agents, distributors and coproducers. Each project will showcase 7 minutes excerpts to the professionals attending the festival followed by a Q&A moderated by Frédéric Boyer and Lison Hervé. The producers with selected projects benefit from **one-to-one meetings, conferences** and **networking events**. The 2022 screening will take place in Les Arcs ski resort at an altitude of 2.000 meters above the sea on Sunday December 11th, 2022.
